- Full Stack Development
- Python
- C
- JavaScript
- ReactJS
- NodeJS
- ExpressJS
- MongoDB
- SQL
- HTML
- CSS
- TailwindCSS
- Docker
- Git
- Linux
- Figma

## PROFILE

As a Full Stack Developer and UI/UX Designer, I seamlessly integrate technical expertise with a discerning design sensibility. Proficient in JavaScript, HTML, CSS, and frameworks such as React, I specialize in crafting responsive and visually compelling applications to ensure optimal user experiences.

## EMPLOYMENT HISTORY

### Full Stack Developer, Freelancer

Jan 2021 - Present

Contributed as a Full Stack Developer, leveraging JavaScript (React), Python, Git, MongoDB, Node.js, Express, Next.js, Tailwind CSS, and Figma to deliver dynamic web solutions for diverse clients and projects.

#### Key responsibilities and accomplishments:

- Collaborated with clients to understand their requirements and translate them into functional and user-friendly web applications.
- Developed responsive and intuitive user interfaces using React, TailwindCSS and NodeJS.
- Implemented server-side logic and APIs using Node.js and Express for efficient data processing and integration.
- Utilized MongoDB and other databases for data storage and retrieval.
- Ensured code quality and version control using Git, ensuring smooth collaboration and code management.
- Continuously updated and expanded my skills and knowledge in the latest web development technologies and practices.

## EDUCATION

**B.E. Computer Science Engineering,  
S.A. Engineering College**
